

# BLESSINGS OF THE BEACH

The sun will set in 18 minutes, the turbulence, chaos, and urgency of mundane matters need to settle down. Shabbat is arriving, and with it serenity and peace.

## HOW TO:

Cover the tablecloth with a thick layer of foil, over the area you would like to have your tea light display. Cover the foil with a thick layer of sand, letting the sand spill out just a bit over the edge of the foil, hiding it from view. Pillar candles of various heights create a focal point in the center. Place tea lights all around and then decorate the whole display with sea shells.

## WHERE TO GET IT:

The sand can be bought at any building supply store. (Home Depot, Do-it-Center)  
Pillar candles can be bought in Michaels, or any general store like Target or Wal-Mart.  
Sea shells can be bought in Michaels.
