

I WILL SHOW YOU THE LIGHTS OF ZION

“ANI MAREH LACHEM NEIROS SHEL TZION”

As we cover our eyes and whisper the blessing, we pray for the Redemption and our return to our Holy Land of Israel.

HOW TO:

In this display we used Styrofoam as a candle holder. The glass Neironim (candle holders) are ideal for using with Styrofoam, because of the little bit of glass that protrudes from the bottom.

(continued on next page)

As an added safety precaution you can put one of the foil disposable candlestick cups into the Styrofoam before putting in the glass Neironim. To give the effect of the Wall of Yerushalayim, we cut notches into the Styrofoam to shape bricks, then spray painted it with light browns and blacks. The moss was attached with a hot glue gun.

We used a collection of artifacts of the Land of Israel that we found in our home. For children or adult participation, you can have your pre school, or Hebrew school students bring something from home to add to the collection.

ברוך אתה ה' אלקינו
סלד העולם אשר קדשנו
במצותנו וציון להדליק
נר של שבת קדש

*berúchatch adó-nay
elohay-nu malech
ho-dóm, asher kid'shemu
ú mitzvotav v'tatuvnu
ú hadlik nayer shel
shabbos kadosh.*
